Medals with a certain gift of prophecy

JTV

THESE are a few of the medals for original research and accomplishment that have been awarded, from time to time, to scientists in the Kodak Research Laboratories. They are shown here not to emphasize a glorious past, but because they have a certain gift of prophecy...

The Kodak Laboratories have some of the qualities of great universities and the philanthropic research foundations... Scientists and young men with an idea often come here to Rochester. They get a hearing. If the idea is reasonable, and original, they get encouragement. If needed, they get the help of men of vast experience, and the best facilities the world affords.

Some of the greatest of recent developments in photography have come from such collaboration. The Kodachrome process—movies and snapshots in full color... "ultra-speed photographs"—exposures of as little as 1/1,000,000 of a second—which show what the eye alone can never see... the aerial films which are now enabling our country's flyers to cut

through camouflage with their cameras or observe the success of their bombs from beyond the reach of anti-aircraft.

Pure research is not self-seeking.

For example, it doesn't "pay" Kodak to make 125 different types of plates for astronomical photography—but without them, the observatories of the world would be half-blinded. Such work may never pay in dollars, but our growing knowledge of the Universe depends on it. And who knows what day—or night—may bring a discovery that will change the entire pattern of our thinking and lead us to another world?

These medals are important—as symbols of a search that never ceases. They stand for the enrichment of our lives in many ways thus far... from the simple snapshot of a loved one, to the last great movie you saw, faultless in its recording of scenes and sound.

And the work of the vast laboratory at Kodak Park was never so significant as at the present time... Eastman Kodak Company, Rochester, N. Y.

AND NOW... Just as this magazine was going to press, Eastman Kodak Company received, on behalf of itself and its employees, the highly coveted Army-Navy Production Award for high achievement in the production of war equipment. The Company regards this latest distinction as by far the most important of all, and believes that it should be recorded here because this Medal also carries with it "a certain gift of prophecy."

Mr Vaughan No reply
 has been received from Mrs
 Vaughan. It was probably a
 mistake not to have included
 the Naomh name. It was
 an oversight on my part.
 Have you any suggestion as
 to next steps?

AB

Mr. Lewis

Did any one mention to you about the
School Medal design / or designs having on
one side a representation of Mrs Timothy
Eaton - or - a representation of the
Margaret Eaton School Building on North
St of which you have a photo. When
will further designs be ready for
consideration?

J. Smith

the motto.

The meaning in English of Greek Motto which appeared on the front of the old School Building on North Street is :-

"We strive for the Good and the Beautiful"

omit the word "Rapp" in Mrs. Nasmith's name - it would then be "Emma Scott Nasmith".

Consider Bust of Mrs. Eaton in design of medals.

consider representation of Old School front in design of Medals.

How soon shall we have some further Medal Suggestions?

Mrs. Robert Fennell,
36 Forest Hill Road,
Toronto, Ontario.

Dear Mrs. Fennell:

Since the Amalgamation of the Margaret Eaton School with Toronto University, we have been giving consideration to the matter of perpetuating the memory of Mrs. Timothy Eaton and Mrs. Nasmith, and ensuring their permanent identification with the work in which they were so deeply interested and for the furtherance of which they did so much.

We should like to donate each year a prize in the form of a gold medal for presentation to the student in the final year of the course who attains the highest standing, with the condition that the winner must have high standing in English, and in Oral expression as well as in the Health and Physical Education subjects.

If this idea meets with your approval and with that of Colonel Nasmith, we should like to name this prize "The Emma Scott-Raff Nasmith Memorial Medal".

Will you be so kind as to discuss this with Colonel Nasmith and let us have your opinion as to the idea in general, and also if the above suggestion for the naming of the medal will be acceptable to you?

With kindest regards, I am

Yours sincerely,

Delivered.

December 9th, 1942.

The Hon. and Rev. H. J. Cody, M. A., D. D., LL. D.,
President,
University of Toronto,
Queen's Park,
Toronto, Ontario.

Dear Doctor Cody:-

Re: The Margaret Eaton Library

When the amalgamation of The Margaret Eaton School with the School of Physical and Health Education of the University of Toronto was consummated, it was arranged with you that The Margaret Eaton School would donate to the University the books constituting its present Library, together with the sum of \$10,027.56, being the cash surplus to the credit of the School, a cheque for which is enclosed.

It is understood as follows, -

THAT you will use these books and expend this sum of money as may be required to furnish and equip an up-to-date Library, including the necessary books for use in connection with the School of Physical and Health Education of the University of Toronto, and other appropriate books on Literature and Expression.

THAT the Library will be permanently designated as "The Margaret Eaton Library" in recognition of the part which the late Margaret Wilson Eaton, the widow of the Founder of this Business, played in the establishment of The Margaret Eaton School of Literature and Expression from which The Margaret Eaton School later developed.

THAT the interest on any unexpended part of this gift will be used also from time to time for the same purpose as the gift itself.

THAT the name "The Margaret Eaton Library" will be suitably placed and maintained on or over the doorway leading to the Library and on each book forming a part of the Library, and a Portrait of the late Mrs. Eaton - to be presented by this Company - will be hung in a prominent position in the Library.

In addition, this Company is donating the sum of \$5,000. to be set up as an endowment fund to be held by the University indefinitely, the income from which is to be used from time to time for the purpose of replacing worn volumes and supplying new and additional volumes for the Library.

It is understood that the Library will be located in a permanent building of the University suitable for housing the School of Physical and Health Education and the money represented by these gifts will be expended in the discretion of the Committee of Members of the School Staff which will include Miss Somers whilst she continues to be connected with the School, and a representative of the Company; and that in consideration of these gifts the University will assume the responsibility for maintaining a good physical appearance and condition of the Library, its furnishings and equipment.

Yours very truly,

"John D. Eaton"

Dear Mr. Higginbottom:

I am in receipt of your letters of December 15th, one with regard to the Margaret Eaton Library in connection with the School of Physical and Health Education, and the other with reference to the scholarships and medals we have proposed to donate in connection with this department of the University.

I wish most sincerely to thank you and the Board of Governors for their courteous congratulations and good wishes upon my recent assumption of the Presidency of our Company. Realizing that I have a great tradition to uphold, I can only tell you that I shall do my utmost to maintain the principles of those who have gone before me.

With the Season's best greetings, I am

Yours faithfully,

P r e s i d e n t .

The T. Eaton Co. Ltd.,
190 Yonge St.,
Toronto.

My dear Mr. Lewis:-

Once again I turn to you for your advice and assistance regarding a "story" which I have drafted for the newspapers. If you will be so kind as to go over the enclosed material, revising or rewriting as you see fit, I shall be most grateful. At your convenience, I shall be glad to have the revised or rewritten material returned to me in order that I may send it to the daily newspapers, and to the larger weeklies, in Canada.

With best wishes to you for a happy New Year and with the most cordial personal regards, I am,

Faithfully yours,

A handwritten signature in dark ink, appearing to read 'W. J. Dunlop', is written over a horizontal line. The signature is fluid and cursive, with a long horizontal stroke extending to the right.
